### **Confirmation of my registration for the March 6 event -- Why Our Global Family Matters: A Catholic Response to the Current Crisis in International Humanitarian Assistance- March 6th 2025**

Dear AD-STL leaders:

I greatly appreciate the fact that someone forwarded me this flier, as I have repeatedly been "taken off" of distribution lists in organizations that I have joined, contributed to, and signed up for, including these committees in the Archdiocese of St. Louis devoted to the corporal works of mercy. I have utilized the QR code, and have my confirmed registration. IF there are any problems with that, please let me know ASAP, or accept this as my registration, which is why it is directed to Nicole Paden, as listed on the flier. I look forward to seeing you all next week, and praying with (and for) you.

Please note that I have also not only copied myself, but many Archdiocesan leaders to whom Marie Kenyon reports (as I understand it), or who have led recent efforts to "re-shape" or fundamentally alter our Archdiocese. I have been told repeatedly by reliable sources within the Archdiocese that it is Marie Kenyon who keeps removing my name and email from distribution and membership lists, etc. Certainly I happily offer this (and any correction) under Canon 212 and Matthew 18, and Marie Kenyon being directly copied here, can state under her own email and signature, that she has never engaged in efforts to remove me from any lists, etc., if she so chooses.

I have also copied Deacon David Billing, whose mission trips I have personally contributed to, have had at least one of my children attend, and with whom I have worked as a fellow parishioner in the past. He knows from personal experience that I am committed to the corporal works of mercy. I understand he is now the primary deacon assigned to such Archdiocesan missions for these corporal works of mercy. I look forward to renewing again my friendship with Deacon Billing and any/all Archdiocesan leaders in attendance, as I strive to better understand and live the true gospel of Jesus Christ, including the corporal works of mercy. However, it is not lost upon me (or others) that certain members of Archdiocesan leadership or staff only want to allow Catholics who think, act and "vote" like them, to attend such meetings.

I do not worship the donkey (nor the elephant), but worship only the One True God, in the One true holy catholic and apostolic Faith!! I look forward to this meeting, and hearing how ALL THINGS discussed or advocated here comport with our One True Faith, and the Magisterial Teachings of Holy Mother Church!!

Your true brother in Christ

Ken R. Battis
